An Oiling System That Can't Be Beat

BESIDES needing only one adjustment for perfect operation, the Primrose separator has a splash oiling system—the best method of oiling in use today. A quarter turn of the handle sends a plentiful supply of clean, fresh oil to every bearing, including the neck bearings. A window in the side of the frame tells you when the oil is at the correct level, and—here is the most important feature of all—as new oil is poured in, the used oil is siphoned out into the waste can so that the oil in a Primrose separator is always a good, clean lubricant.

Where can you beat that system? Good, clean oil, supplied to every bearing at the start—no chance to ruin your machine by forgetting to turn on the oil—no danger of running with any bearing dry—no chance for oil to get into the milk bowl, or to leak through the frame, or to come out anywhere except into the waste tank.

The Primrose is a real cream separator. Come in and let us show you why it is the best machine on the market today, bar none.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

FOLEY'S HONEY AND TAR

A MOTHER wants to be sure and certain that the medicine she gives her child is safe. She wants no opiates or habit-forming drugs. She wants a medicine that she knows other mothers have used with satisfaction and success.

Mothers Commend Foley's

Such a family cough and cold remedy is Foley's Honey and Tar Compound. It meets squarely and satisfactorily every demand a mother can make as to purity and wholesomeness. It is cleanly made of the very best ingredients which she would use herself if she could always get them in a fresh and pure condition.

When she insists on Foley's Honey and Tar she gets at a moderate price (less than she would pay if she bought the ingredients at retail and mixed them herself) a standard medicine that has been used successfully in thousands of homes for many years—a medicine that experience proves is the best she can buy.

Safest For Children

Mothers who have used it know Foley's is safe and no harm will come even if an overdose is given by accident. It tastes good and won't injure the most delicate stomach. It promptly checks coughs, colds and croup. It should be kept in the family medicine chest the year 'round—always ready when needed.
